

WoidInfo

July 2024

Liebe Woidbewohner*innen!
Liebe Leiter*innen!
Boid treff ma uns im Woid!

One last time before WoidLa24, we are sending you a WoidInfo. It's packed with important information to help you prepare for the camp and make your time there easier. All departments are in the final stages of preparation to ensure a great camp experience for you, and we have to say: we are super excited for it to start soon.

We have a big request for everyone arriving by coach: Please pack your belongings before arriving at the campsite so you can unload and disembark as quickly as possible. Even with the best organization, it will be quite challenging to move so many buses through the camp without causing a significant traffic jam. Therefore, please pack two more things in your bags: patience and good humor - and it will all work out wonderfully.

The WoidInfos will also be available for download on the website:

HEALTH & SAFETY (H&S)

CODE OF CONDUCT / SAFE FROM HARM

We Scouts treat children and young people with absolute respect. It's important to us that they find their place in our community. We are always open to their concerns.

In line with our values and principles, we advocate for the protection and rights of all children and young people, regardless of their background, age, sexual orientation, physical abilities, spiritual or religious orientation, as well as their political and ideological beliefs. Protecting children and young people from all forms of violence, promoting their mental and physical health, and strengthening their rights are central to our work.

At WoidLa24 all participants are expected to adhere to the [Code of Conduct](#) established by the PPÖ for all children, young people, and adults.

Flying drones on and above the campsite is prohibited, regardless of the drone's weight. The PR department is exempted for capturing aerial footage.

CATERING

COOKING EQUIPMENT FOR THE WOIDLA24

As promised, attached to this WoidInfo, we are providing a list of recommended cooking equipment to ensure you are well-prepared for WoidLa24. The items listed are intended for a meal unit (~25 people).

LUNCHBOXES

Please remember, that every participant needs his or her own lunchbox for at least one full meal (cold food).

WoidGenuss – the evening of the looong spoons

What is the WoidGenuss?

The WoidGenuss is a cooking event that takes place on Tuesday, August 13, 2024 in the evening. All catering units are involved in this evening event. Each catering unit can cook a dish of their choice. It will start right on time for dinner: everyone can walk through the camp streets equipped with a spoon and taste everywhere.

When and how do we announce what we want to cook?

On the first day of camp you will find a form in your food box with which you can order your food. The list contains basic ingredients and 30 other special items from which you can choose. You discuss what you would like to prepare in your CARE UNIT. The focus is on the exchange and the shared experience and not on how special the dish turns out. **The order form must be handed in by Tuesday, 06.08.2024 at the latest when picking up the evening box.** We are happy to accept orders earlier.

Which ingredients are on the WoidGenuss list?

In principle, you have the food from the basic equipment at your disposal. The information on which basic equipment items are available was sent out in the last WoidInfo. You can also find this information on woidla24.at under "Preparation" > Downloads.

In addition to this basic equipment, we are adding the following foods for this evening: baking powder, vanilla sugar, dry yeast, white baguette and bread

The "30 foods for WoidGenuss": Apple, banana, sliced pancetta, couscous, eggs, potatoes, mince mixed or beef mince, grated cheese, diced tomatoes (canned), cucumber, cauliflower, carrots, coconut milk, pumpkin, leek, milk, peppers, tomatoes, turkey breast, cream, rice, breadcrumbs/breadcrumbs, sweet potato,

tahini, penne or maccheroni pasta, natural tofu, tomato paste, curd cheese, goat's cheese, zucchini

Please remember that we have no information about which specific variety of an item will be available at our WoidGenuss. We are also bound to the assortment provided to us by the supplier. Therefore, please understand that we cannot say whether the cheese will be mozzarella or Emmental, for example. (Further examples: Peppers can be green/red/yellow, pumpkin can be Hokkaido/butternut, etc.)

What can we do if we cannot find the ingredient we need on this list?

Ingredients that are not listed cannot be procured. There is the possibility of refrigeration in the catering tent if you organize special ingredients yourself. We recommend choosing a recipe that can be prepared with the food from the WoidGenuss order list.

How many people should we prepare this dish for?

Each catering unit prepares its recipe for 35 people. We therefore ask you to fill in the order lists with the correct quantity. Example: The recipe requires one egg per person, which means you fill in the quantity field for "egg" with "35".

When can we collect the food?

The boxes for the WoidGenuss are ready in the catering tent at 4.00 pm and can be collected by you. The food should be collected by 6 p.m. at the latest.

When and where do we offer our food?

You will hear the signal for the start of the WoidGenuss at 7.00 pm. At this time, each catering unit should have arrived with its food at the camp street nearest to the cooking area. The WoidGenuss is officially over at 8.30 pm.

Further tips for leaders:

- Give your children and young people the opportunity to choose the recipe, but make sure that the recipe is not too elaborate. The dish should also be able to be prepared in the given time.
- The WoidGenuss should not be an evening where the leaders have to stay at the cooking area and serve the food. The evening should be a pleasure for everyone, which also requires organization when serving: everyone should have the chance to walk through the camp streets, so make a fixed time schedule in advance.
- If, for whatever reason, the situation arises that someone is still hungry, please come to us in the catering tent. We will certainly find a solution.

Workshop assignments will be announced on-site.

Program ideas for free program days (12.08. & 13.08.)?

If you want to offer program activities for other camp participants on the two free program days, please send your ideas by July 15 to programm@woidla24.at. Include all information about your activity, target audience, number of participants, timing and duration, and a contact person. We will add them to the program list, which will be announced on-site.

WoidLa got Talent

If you want to participate in WoidLa Got Talent on August 11, you can register until July 15 using this link: [WoidLa Got Talent Registration](#). (For more information, see the instructions for the preparation meet ups in your section at your scout huts.)

AGE GROUPS

Current information for CaEx and RaRo can be found in separate documents attached to this WoidInfo.

WOIDFEST / VISITING GUESTS

On Sunday, August 11th 2024, the public WoidFest will take place at the camp from 10:00 to 17:00.

At WoidFest, we want to show everyone how diverse and exciting our camp life is. Our neighbors in the town of Rastenfeld, as well as relatives and friends of the children and young people, are all warmly welcome. We look forward to their visit.

The day is intentionally without major program highlights because we want to offer our guests the experience of a nature-connected atmosphere without artificial entertainment. There will still be plenty to see: walk through the camp, marvel at the camp structures, observe the scouting program designed by children/young people for children/young people, sit in one of the gastronomic establishments, chat, enjoy time without looking at your smartphone, and spend time in the Waldviertel nature, get inspired by the scout spirit.

Entrance to WoidFest is free, but we would appreciate a donation to support WoidLa24. As a thank you, we have prepared souvenir buttons. The check-in for day guests will take place on-site, and no pre-registration is necessary. Do you want to stay overnight or longer as a guest? Then please register in advance here: [WoidLa Guest Registration](#).

Since the campsite is not directly accessible by public transport, marked parking spaces for guests will be available. Form carpooling if possible. Please wear sturdy shoes and note that there is a walking distance of about 10-20 minutes between the parking lot and the campsite.

We are assessing the need for a shuttle service for public arrival from Göpfritz station and are working on a solution if there is sufficient demand. If you need assistance covering the distance between the parking lot and the campsite due to special circumstances, please contact us by July 25, 2024, here: [Shuttle Service Request](#). The camp management will evaluate the responses, and you will receive an answer by early August.

Anything Else That Comes to Mind...

We look forward to seeing you at the camp and are excited about an adventurous and eventful time with you.

Best regards and Gut Pfad!
See you soon, your WoidLa24 team
